

BCBA Job ad 1-2019

Positive Reinforcement ABA Therapy, Inc. is seeking passionate BCBA's to become integral members in accomplishing our mission of providing high quality behavior supports. Experience with verbal behavior programming, and/or VB-MAPP, Essential for Living, de-escalation procedures and behavior skills training are highly valued. Supervisory experience, especially conducting performance evaluations, is beneficial.

Positive Reinforcement ABA Therapy, Inc. specializes in evidence-based ABA, for children with Autism Spectrum Disorder (ASD) and related Developmental Disabilities. We are dedicated in providing treatment to strengthen the behavioral, social, educational, and daily living needs of children. We work extensively with individuals who exhibit a variety of developmental needs and challenging behaviors to build adaptive skills in the home, school, community settings and our clinic utilizing behavioral principles.

Behavior Analysts will be responsible to write programs, provide training to staff and oversee the daily activities of Registered Behavior Technicians within the community.
